STATE FUNDING FOR CV

CV CUREs PERSPECTIVE:

Rothman and Kutz advocated for growing districts like CV, helping secure about \$3.29 million annually in adequacy funding. A substantial funding gap remains.

PARTISANSHIP IN SCHOOL BOARD ELECTIONS

CV CUREs PERSPECTIVE:

Extremist groups including Moms for Liberty and Take Back Our Schools have become active in local education politics. CV CUREs believes school-board debates should focus on local facts, performance and students rather than national political agendas.

HB 1649 / PROPERTY TAXES

CV CUREs PERSPECTIVE:

Gleim's bill would eliminate property taxes on data centers and commercial real estate and replace them with expanded taxes on wages, retirement income and purchases. CV CUREs is concerned this would increase costs for residents and reduce CV's local control.
